Daughters of the American Revolution

R 45

Records, 1891-2010

55 ft. (127 boxes)

Scope and Content Note

The records of the Daughters of the American Revolution (DAR) span more than 50 linear feet and document the activities of the organization in Iowa across the 20th century. A woman's group devoted to patriotism and genealogy, the DAR established chapters throughout the state as well as a central state office. The records primarily consist of scrapbooks, necrology rolls, minutes and financial records, membership applications, and yearbooks. They reveal much about the mindset of a certain class of women seeking to distinguish themselves. The records are divided into three series according to the organizational level that generated the records: **Local Chapter Records, 1895-2018, State Records, 1891-2010, and National Records, 1895-1976.**

The DAR records have been coming to SHSI over the course of fifty years. This has prompted serial reprocessing and frequent updating of the inventory. Annual accessions are expected to continue. The amount accessioned has increased as local DAR chapters have closed due to waning membership. This has presented difficulty in matching the physical arrangement of materials to the intellectual description (as has the existence of scores of oversize scrapbooks). Later accessions of similar materials may be separated from previous records by 15 or 20 boxes. The inventory provides the intellectual links between like materials within each series.

The **State Records** series is comprised of six feet of materials created by state officers in the DAR. These include historical sketches, chaplain's necrology scrapbooks, historian's scrapbooks, minutes of the state meetings, and financial records. These materials are in boxes 1-5, 26, and 38, with oversize material shelved near box 53. The bulk of this series consists of scrapbooks created by the DAR's state historian and by the chaplain. The former documents activities of various clubs; the latter primarily consists of obituaries of DAR members. The minutes and financial records provide the best entry to the daily operations of the DAR.

The bulk of SHSI's DAR collection lies in the **Local Chapters Records** series. This series contains more than fifty linear feet of materials, including scrapbooks, membership records, minutes, financial records, and yearbooks. The chapter records are arranged in a rough alphabet according to the city or town. Given the varying scope of records for the various chapters (and

the different dates of accession), the disjuncture between intellectual placement and physical location is often jarring. For example, the records of the Anamosa-Francis Shaw chapter are in Box 24, not in Box 6 with the other 'A' chapters. Because they were part of the 2000 accession, the records of the Charles City-Alden Sears chapter are in Boxes 54 and 55, not in earlier boxes. Those chapters that are only documented by yearbooks are in boxes 15-19. Records of disbanded chapters like the Beacon Hill Chapter of Van Buren County are also included in this series.

The **National Records** series consists of the scattered records and publications created by the National office of the DAR that ended up in Iowa chapters. These amount to six linear inches of materials in Box 32.
