State Librarian
Janice Juchems

It was an amazing experience visiting the DAR Library during Continental Congress in 2010. I never expected to have access to this premier genealogical research center with its extensive unique sources and limited editions. Amazing things can be found on these shelves. Maintaining this extensive library requires the donation of your histories, periodical subscriptions, or, of course, funds are necessary for the library’s continued growth.

The gift and approval form can be found on the ISDAR Members’ Website or the Website of the Genealogical Records Committee. You can check The DAR Store for book prices. They are also available for purchase in PDF form from the same source.

This Office also oversees the State Speaker’s Staff. If you would like to join this knowledgeable group of ladies contact me for more information.

I am greatful for this opportunity to be of service to the ISDAR,

Janice Juchems
